Fe Exam Civil Engineering Material

The Fundamentals of Engineering (FE) exam is generally your first step in the process to becoming a professional licensed engineer (P.E.). It is designed for recent graduates and students who are close to finishing an undergraduate engineering degree from an EAC/ABET-accredited program. The FE exam is a computer-based exam administered year-round at NCEES-approved Pearson VUE test centers.

NCEES FE exam information

The test states that they give you 6 hours. This actually rounds down to 5 hours and 20 minutes after the your breaks and introductory material. So you have 5 hours and 20 minutes to answer 110 questions. You'll basically see 50 questions on general engineering in the morning and about 60 questions more civil specific in the afternoon.
