Authentic Happiness is an even bigger ground-breaker. It represents the first time any scientist has placed value in the study not only of mental illness, but of 'mental wellness.' It's not about curing one's ills, but about exercising one's strengths and virtues in order to achieve what Seligman terms 'authentic happiness.'

Authentic Happiness is an impactful study and reflection largely because of how Seligman delved into the science of happiness. Even in the 2000s (when the book was first published), positive emotions were not studied as much as negative emotions; this trend ignored an entire realm of the human experience that Seligman brought into focus.

Authentic happiness comes from within. It comes from making wise choices, including choosing to be happy. When our external situation is going well, it might make it easier for us to choose happiness, but it is not the cause of it. You can be happy even when things around you are nothing like you would like them to be.
