The most difficult aspect of teaching my graphic design course is to get students to see visual imagery as opposed to consume the visual cultural images. Many times students are not looking beyond the name or the produce to see effective communication and design. The design is almost transparent to them. When it is transparent then it is effective.

### Graphic Design Solutions, 4th Edition / Edition 4 by Robin ...

Graphic design is a craft where professionals create visual content to communicate messages. By applying visual hierarchy and page layout techniques, designers use typography and pictures to meet users' specific needs and focus on the logic of displaying elements in interactive designs, to optimize the user experience.
