Rover 25 - Rover 25 Diesel any good? - oldroverboy : I had a 45 diesel in 2001 for 2 years, same engine. Forget all the rubbish you are reading about spares. X-part and any dealer who still has access to them can supply most of the bits you are liable to need. I invite anyone to do with X-parts to comment on this.

Rover 25 - Rover 25 Diesel any good? | Motoring discussion ...

25 scores well on the eco front. With an average of 163 g/km CO2 across the range, its emissions are relatively low for a small family hatchback. Eco-conscious buyers should consider the 2.0-litre diesel, which is one of the greenest models in the range. The range is also fairly economical, averaging 44 mpg.

Land Rover Series 2 and 2A Models Specs Land Rover Series 2 was the the first upgrade to the
original Land Rover Series 1. The body shape specifically was a significant change and created the
iconic Land Rover shape that most people are now familiar with and was to remain largely
unchanged right up until the last Defender production in 2016.
