Backpacker brings the outdoors straight to the reader's doorstep, inspiring and enabling them to go more places and enjoy nature more often. The authority on active adventure, Backpacker is the world's first GPS-enabled magazine, and the only magazine whose editors personally test the hiking trails, camping gear, and survival tips they publish. Backpacker's Editors' Choice Awards, an industry honor recognizing design, feature and product innovation, has become the gold standard against which all other outdoor-industry awards are measured. Like a well-crafted stage play, *Just Passin' Thru* delivers one suspenseful scene after another. But in this historic setting — a store on the Appalachian Trail called Mountain Crossings — the characters who show up are no fictional creations. They are the real-life stars of the author's new

life as a backpack-purging, canteen-selling, hostel-running, bandage-taping, lost-child finding, argument-settling, romance-fixing, chili-making man of many faces. Like any good drama, there are the good guys (and gals) and the weirdos, too. Some show up once (and that's enough), and some appear again and again. Some are friends, and some dangerous. But all are united by two things: the author's story-capturing talent, and whatever it is that lures them to attempt (or conquer) a 2,200-mile path that climbs and plummets from Georgia to Maine. Everyone has heard of the Grand Canyon, but what about the Petrified Forest or Goldfield Ghost Town? For travelers interested in exploring the unusual and unique, this unconventional guide to Arizona offers everything from the Organ Pipe Cactus National Monument to the Tallest Fountain in the World. "Ophthalmologists in the early years of training are faced with the task of becoming familiar with a host of procedures, instruments, investigations and examination skills which are sometimes never formally taught. There are many textbooks on ophthalmic diseases, but few accessible handbooks on clinical skills. This book cuts through the bewilderment felt by the new trainee and presents the practical, clinical skills and techniques of ophthalmology in a clear and accessible manner."--BOOK JACKET.
