The decades of the 1940s and '50s are considered by many fans to be baseball's Golden Age. This volume features stories and anecdotes by dozens of players from those decades. We hear in the words of such players as Leo "the Lip" and Charlie "Banjo" Grimm, Casey "Purple Pants" Stengel, Charlie "I" Dressen, Danny Gardella, "Sugar" Cain, Eddie Gaedel, Billy Hunter, Bill Veeck, Bobo Newsome, Danny Litwhiler, Ace Adams, and Red Murff what baseball was like before expansion and contraction, before domed stadiums, airplane travel, agents, and the DH. Players share personal moments as well as the famous baseball moments in which they participated. They speak of the fun they had playing baseball. The Greatest Cowboy Stories Ever Told includes twenty-three exciting stories from a variety of contributors, such as Mark Twain, Karl May, Ned Buttlane, O. Henry, Bret Harte, Stephan Krane, Frederic Remington, Zane Grey, Max Brand, and Owen Webster. He was predestined for literary greatness. If only his father hadn't used up all the words. As the son of the Pulitzer Prize-winning poet Richard Eberhart, Dikkon Eberhart grew up surrounded by literary giants. Dinner guests included, among others, Robert Frost, Dylan Thomas, Allen Ginsberg, W. H. Auden, and T. S. Eliot, all of whom flocked to the Eberhart house to discuss, debate, and dissect the poetry of the day. To the world, they were literary icons. To Dikkon, they were friends who read him bedtime stories, gave him advice, and, on one particularly memorable occasion, helped him with his English homework. Anxious to escape his famous father's shadow, Dikkon struggled for decades to forge an identity of his own, first in writing and then on the stage, before inadvertently stumbling upon the answer he'd been looking for all along—in the most unlikely of places. Brimming with unforgettable stories featuring some of the most colorful characters of the Beat Generation, The Time Mom Met Hitler, Frost Came to Dinner, and I Heard the Greatest Story Ever Told is a winsome coming-of-age story about one man's search for identity and what happens when he finally finds it.

The companion volume to The Greatest Batman Stories Ever Told!" --Cover, page 4. The Golden Age of Superman tales are collected for the first time in their entirety in this oversize omnibus series, continuing with stories from the early 1950s in Superman: The Golden Age Omnibus Vol. 7. As the 1950s began, the Man of Tomorrow was faced with new dangers big and small! In these stories that are reprinted here for the first time, Lex Luthor invents a device that banishes Superman to the fourth dimension, while Mr. Mxyzptlk makes the entire city of Metropolis forget that their hero ever existed. Plus, Superman becomes a super-cowboy and meets a mighty caveman who was frozen in an iceberg. This new hardcover collects the Metropolis Wonder's tales from Action Comics #125-143, Superman #55-65, and World's Finest Comics #37-47. YOUNG LOVE

The most famous of all the women who have ever been called a superhero, Wonder Woman exploded into the world of comic books amid the uncertainty and bleak determination of World War II. Fighting for justice and treating even her enemies with firm compassion, Wonder Woman brought not a cape nor a ring nor a personal fortune or hidden clubhouse, but a magical lariat that compelled anyone it bound to tell the truth, and bracelets that could not only deflect bullets but prevent Wonder Woman from ever using her superpowers for unchecked destruction. The very first stories of the Amazon Warrior are collected here in WONDER WOMAN: THE GOLDEN AGE VOLUME 1, featuring the adventures of Wonder Woman as she tackles corruption, oppression and cruelty in ALL STAR COMICS #8, COMIC CAVALCADE #1, SENSATION COMICS #1-14 and WONDER WOMAN #1-3. Media narratives in popular culture often assign interchangeable characteristics to childhood and old age, presuming a resemblance between children and the elderly. These designations in media can have far-reaching repercussions in shaping not only language, but also cognitive activity and behavior. The meaning attached to biological, numerical age--even the mere fact that we calculate a numerical age at all--is culturally determined, as is the way people "act their age." With populations aging all around the world, awareness of intergenerational relationships and associations surrounding old age is becoming urgent. Connecting Childhood and Old Age in Popular Media caters to this urgency and contributes to age literacy by supplying insights into the connection between childhood and senescence to show that people are aged by culture. Treating classic stories like the Brothers Grimm's fairy tales and Heidi; pop culture hits like The Simpsons and Mad Men; and international productions, such as Turkish television cartoons and South Korean films, contributors explore the recurrent idea that "children are like old people," as well as other relationships between children and elderly characters as constructed in literature and media from the mid-nineteenth century to the present. This volume deals with fiction and analyzes language as well as verbally sparse, visual productions, including children's literature, film, television, animation, and advertising. The Atomic War comics were published by Ace Comics from November 1952 to February 1953. The series lasted for four issues. Atomic War was published during the time the U.S. participated in the Korean War. The series stated purpose was to warn against the horrors of atomic warfare, even though it did the opposite. In its stories, U.S. forces employed nuclear weapons to triumph repeatedly over the communists. Historic first appearances from Jerry Siegel and Joe Shuster's legendary Man of Steel! Faster than a speeding bullet, Superman burst onto the comic book scene in 1938, just as America was on the terrifying precipice of a world war. In a desperate time, legendary creators Jerry Siegel and Joe Shuster brought to life the world's first modern superhero. The Man of Steel emerged as a champion of the oppressed, taking down any enemy with his super-strength and speed, both foreign and near to home. In his distinctive royal blue, red and yellow costume, complete with cape, the stalwart Kryptonian emanated strength and fearlessness. He swiftly became a symbol of hope for a downtrodden America. Collecting all of the Metropolis Wonder's first-ever adventures from **ACTION COMICS #1-19**, **SUPERMAN #1-3** and **NEW YORK WORLD'S FAIR COMICS #1**! This is a book about the Detection Club, the world's most famous and most mysterious social network of crime writers. Drawing on years of research, it reveals the story of how members such as Agatha Christie and Dorothy L. Sayers reinvented detective fiction. Detective stories from the so-called "Golden Age" between the wars are often dismissed as cosily conventional. Nothing could be further from the truth: some explore forensic pathology and shocking serial murders, others delve into police brutality and miscarriages of justice; occasionally the innocent are hanged, or murderers get away scot-free. Their authors faced up to the Slump and the rise of Hitler during years of economic misery and political upheaval, and wrote books agonising over guilt and innocence, good and evil, and explored whether killing a fellow human being was ever justified. Though the stories included no graphic sex scenes, sexual passions of all kinds seethed just beneath the surface. Attracting feminists, gay and lesbian writers, Socialists and Marxist sympathisers, the Detection Club authors were young, ambitious and at the cutting edge of popular culture -- some had sex lives as bizarre as their mystery plots. Fascinated by real life crimes, they cracked unsolved cases and threw down challenges to Scotland Yard, using their fiction to take revenge on people who hurt them, to conduct covert relationships, and even as an outlet for homicidal fantasy. Their books anticipated not only CSI, Jack Reacher and Gone Girl, but also Lord of the Flies. The Club occupies a unique place in Britain's cultural history, and its influence on storytelling in fiction, film and television throughout the world continues to this day. **LAWBREAKERS SUSPENSE STORIES #13** Including: Death Raps Twice; Escape from the Noose; Hot Seat; The Vibrations of Destruction; Murder on Time; Sharp Idea!!!; Change in Script!; Deep Freeze Now you can enjoy again or for the first time the colorful characters and exciting stories of that era with this great golden age comic

A popular collection of some of the best short fiction and short stories ever written. It's not easy being a superhero's daughter.... Carrie Vaughn has captured legions of fans with her wildly popular Kitty Norville novels. Now she uses her extraordinary wit and imagination to tell a sensational new story about superhuman heroes- and the people who have to live with them. Most people dream of having superheroes for parents, but not Celia West. The only daughter of Captain Olympus and Spark, the world's greatest champions, she has no powers of her own, and the most exciting thing she's ever done is win a silver medal in a high school swim meet. Meanwhile, she's the favorite hostage of every crime boss and supervillain in Commerce City. She doesn't have a code name, but if she did, it would probably be Bait Girl, the Captive Wonder. Rejecting her famous family and its legacy, Celia has worked hard to create a life for herself beyond the shadow of their capes, becoming a skilled forensic accountant. But when her parents' archenemy, the Destructor, faces justice in the "Trial of the Century," Celia finds herself sucked back into the more-than-mortal world of Captain Olympus- and forced to confront a secret that she hoped would stay buried forever. Before it was released, industry insiders looked upon the Age of Apocalypse with scorn. They saw it as a cheap marketing ploy that would ultimately fail and cost Marvel the dominance it had earned with the X-Men family of titles. It turned out to be the premiere event of the year, one of the most talked about and loved story lines ever, and solidified the X-Men as the world's greatest comic characters. Readers can now return to the Age of Apocalypse, and discover what happened to the X-Men's greatest foe, En Sabah Nur, the mutant known as Apocalypse after his defeat. Now, the dread Lord recuperates from his injuries on the Blue Area of the moon in the sentient Ship. This may be the X-Men's only chance to destroy Apocalypse, and the only way to get him is through the use of a young mutant girl. And X-Men enthusiasts will flip when they get a load of the Age of Apocalypse Inhumans! With one magic word "Shazam!" young Billy Batson became the amazing Captain Marvel. These stories are gathered from the Golden Age of comics, and from the revival in the 1970s and
