Throughout the course of his career, John Lennon's work as an artist expressed common societal themes from every epoch he witnessed. Until now, little of this work has been seen in one place. For the first time, John Lennon: The Collected Artwork offers a visually captivating history of Lennon's art, including more than 200 images and featuring 25 never-before-published pieces from the archives of Yoko Ono. Often surreal and extremely vibrant, Lennon's drawings were widely considered some of the finest interpretive art of the era. His 1969 Bag One series, frequently censored due to its overt eroticism, is part of the permanent collection of the Museum of Modern Art in New York City, and his peace-themed sketches have been used in antiwar movements since the 1970s. Selections from these and many other series are featured in this matchless collection, a beautiful showpiece and a timeless record of Lennon's emotional, political, and imaginative spirit. A stroke of beauty a palette of pain a rendering of passion ...creating a work of art In a life driven by passion, famed artist Maxfield Caswell lives in a world of brilliant color and drama, pushing his art and affairs to his emotional edge. He's stunning, charismatic and celebrated in the art world, but are the trappings of fame also destroying him? Ava Jacobs is diligently working toward an art career of her own when she's swept off her feet by the self-destructive artist - creating a world of sensuality and all-consuming love. But will the pain of the past and turmoil of the present make their future uncertain? From desire and mystery, to a muse that almost slips away, The Work of Art Collection will be the inspiration that has you breathless for the unveiling of their final masterpiece. ***The Collection is the complete

Work of Art trilogy with an additional 50 pages of bonus material in Max's point of view. For mature readers 18+*** Hauser & Wirth is delighted to present ?A Luta Continua,? an exhibition of the Sylvio Perlstein Collection. This is the first presentation of the Perlstein collection in Asia. Over the course of more than five decades, Perlstein has assembled an intensely personal collection rooted in a passion for the work of groundbreaking artists.00The Collection traces the course of twentieth-century art, from Dada and Surrealism to Abstraction, Land Art, Conceptual Art, Minimal Art, Pop Art, Op Art, Arte Povera, Nouveau Réalisme, and Contemporary Art. But above all, ?A Luta Continua? testifies to the power of connoisseurship and collecting as a talent, an art in itself.00The exhibition focuses on four main pillars of the Perlstein collection: Dada & Surrealism, vintage photography from the twentieth-century, Minimalism, and a compilation of contemporary artists Perlstein is deeply passionate about. There are around 200 works on view by some 112 artists. Among these are Josef Albers, Carl Andre, Diane Arbus, Hans Bellmer, André Breton, Marcel Broodthaers, Marcel Duchamp, Max Ernst, Hannah Höch, Jenny Holzer, Donald Judd, Sol LeWitt, René Magritte, Man Ray, Bruce Nauman, Brice Marden, Robert Morris, Edward Ruscha, Robert Ryman, Fred Sandback, and Andy Warhol.00Exhibition: Hauser & Wirth, Hong Kong (23.05. - 27.07.2019). "This book offers clear advice on how to navigate the contemporary art world, from assessing sales information and dealing with galleries to discovering new talent and accessing the best work."--P. [4] of cover. The JPMorgan Chase Art Collection began in 1959 when David Rockefeller, then president of The Chase Manhattan Bank, established the firm's art program and took the lead in the field of corporate art collecting. By integrating artwork with the architecture of new buildings and incorporating an enlightened approach to acquisitions, this forerunner of corporate collections became a model for other companies worldwide. Today it is one of the oldest and largest corporate art collections in the world, focusing on modern and contemporary painting, sculpture, works on paper and photography, which continue to be the portfolio's strength. This core collection is enhanced by a diverse and eclectic range of objects from every country in which JPMorgan Chase does business, offering a unique perspective on the firm's culture. The JPMorgan Chase Art Program oversees more than 30,000 objects in 450 corporate offices around the globe. In addition, the program administers an active museum loan program, originates traveling exhibitions, provides educational programming for internal and external audiences, and supports the firm's global philanthropic and sponsorship activities. JPMorgan Chase & Co. believes that arts and culture are the lifeblood of vibrant communities. We support a range of programs and events that foster creativity, provide access to the arts to underserved audiences, promote self expression and celebrate diversity. -- Text

from JPMorgan Chase & Co. website (see link). Discover the art of Pixar's favorite characters through this miniature collection of sketches, paintings, film stills, and more. An exciting guide to, and celebration of, the Whitney Museum and its outstanding collection of American art This all-new handbook, a fresh look at the Whitney Museum of American Art's collection, highlights the museum's extraordinary holdings and its fascinating history. Featuring iconic pieces by artists such as Calder, Hopper, Johns, O'Keeffe, and Warhol--as well as numerous works by under-recognized individuals--this is not only a guide to the Whitney's collection, but also a remarkable primer on modern and contemporary American art. Beautifully illustrated with abundant new photography, the book pairs scholarly entries on 350 artists with images of some of their most significant works. The museum's history and the evolution of its collection, including the Whitney's important distinction as one of the few American museums founded by an artist, and the notion of "American" in relation to the collection, are covered in two short essays. Published to coincide with the Whitney's highly anticipated move to a new facility in downtown New York in the spring of 2015, this book celebrates the museum's storied past and vibrant present as it looks ahead to its future. Additional edition statement from dust jacket. The definitive portfolio of Thomas Kinkade Studios published limited edition works. One of the most influential musicians of the twentieth century, Miles Davis was a man of many talents. Around 1980, he turned to sketching and painting to keep his mind occupied with something when he wasn't playing music. This hobby quickly turned into a serious passion, and Davis approached it with the same obsessive creativity he applied to music. The result is an impressive archive of unique and evocative visual work showcasing the varied skills of this legendary artist. Throughout the 1980s, Davis studied regularly with New York painter Jo Gelbard, developing a distinct graphic style. Incorporating bright colors and geometric shapes, his art is reminiscent of work by Pablo Picasso as well as African tribal art, the historical influences he cited during occasional interviews on the subject. Author Scott Gutterman sat down with Miles Davis himself before his death in 1991 and the artist's own commentary accompanies this remarkable showcase of his work. Sadly, very few of his pieces were exhibited during Miles Davis's lifetime. Over the last two decades, the Estate of Miles Davis has worked with gallery owners and private parties to assemble a comprehensive collection of the musician's artwork. Many celebrities are among the most adamant collectors, including Quincy Jones, who offers a foreword to the book. This long-overdue celebration is a treasure for art lovers as well as music aficionados who will appreciate the window into the life of this creative genius. Jerry Garcia: The Collected Artwork is a profusely illustrated showcase of and appreciation for Jerry Garcia's art, life, and creative spirit. The book

opens with a foreword by Grateful Dead percussionist Mickey Hart, and features more than 100 full-color reproductions of Jerry's paintings, drawings, and prints. This historic presentation of his distinguished body of work, from pen-and-ink drawings to acrylics, watercolors, and digital media, is at once a stunning art book and an intimate and playful celebration of his creativity. Edited by April Higashi, art curator and archivist of the Jerry Garcia Estate, each chapter opens with a commentary on the art presented in the context of Jerry's life and times. Punctuating these essays are interludes illustrated by candid photographs, featuring interviews, anecdotes, and remembrances by key cultural figures as well as those closest to Jerry, including Bob Dylan, Patti Smith, Herbert Gold, Baron Wolman, Jon Carroll, Paul Pena, Victor Moscoso, Carlos Santana, Grace Slick, and members of the Garcia and Grateful Dead families. "Masters of Contemporary Fine Art" is the first edition of an annual publication dedicated to the promotion and dissemination of high quality Contemporary Art. Painting, Sculpture, Drawing and Digital Art are the categories that we have chosen to publish in this art book. The vast range of expressive techniques and also the different styles in each category add value, depict fascinating rhythm and captivate diversity. The book is also a powerful tool for research, consultation or study for Artists, Collectors, Galleries, Art Dealers and Art Lovers. An exciting educational card game in which children interact with art history from the perspective of a gallery curator My Big Art Show is a thrilling game in which children curate their own art shows. Each card represents a work of art as well as key information, such as artist and date. The cards also use symbols and colors to indicate which movement and theme the work represents. There are twelve movements: Renaissance, Baroque, Neoclassicism, Romanticism, Realism, Impressionism, Post-Impressionism, Expressionism, Cubism, Futurism, Surrealism, and Pop Art, and six themes: People, Places, Objects, Animals, Story, and Religion. The aim of the main card game is to be the first to "put on a show," or collect three and four of a kind. The game encourages children to become familiar with great art works and movements from the last five centuries, and helps them recognize the styles and themes that paintings share. The cards show reproductions of over fifty major works of art—by Michelangelo, Velázquez, Degas, Van Gogh, Kandinsky, Picasso, Dalí, Warhol, and others. An informative book supports the game by providing further information on the artworks and artists, answers to questions on the cards and alternative games to play. Accompanying CD-ROM contains ... "digital gallery."--CD-ROM label. The Complete Strategy Collection, a compilation of ancient and historical philosophies, will increase your knowledge of strategy, conflict, and adversity throughout the ages, giving you valuable insight into the past while opening a window to the future. Although each of the works can be considered a manual or diagram for war or engaging in physical combat, the life skills embodied in each can be adapted to everyday life in modern society. Story 1 - The Art of War Whether used on the battlefield or the boardroom, the strategic techniques defined by Sun Tzu in this ancient, classic book will teach you how to gain advantages over your

opponents and adversaries. As a military strategist, Sun Tzu carefully explains how to engage in conflict, strategies that ensure you emerge as the victor, and how to maintain a position of power. These tactics can be used even in a person's everyday life today to navigate family, relationships, career, and business. Story 2 - The Prince Considered to be satire by some and a manual for ruling by others, The Prince provides practical, relatable advice addressing power struggles, building and maintaining relationships, and the advantages of acting according to virtue. Machiavelli, born during a time of intense political and religious conflict in Italy, outlines the strategies and influences appropriate of the times. In his attempts at self-promotion, the author aggressively pursues the approval and favor of then-governor Lorenzo de' Medici, to be later criticized for his work. The Prince embodies the discipline, decision-making, and authority of the ruling class common during this period. Story 3 - The Book of Five Rings Originally written as a book of martial arts and strategy, the principles as defined by author Miyamoto Musashi have been adapted to be used in business, to manage conflict, and as a philosophy for life. Although written as strategies applicable to the adversity of the 17th Century, the philosophies overwhelmingly apply in a practical way to the world today, including timing, dishonesty, discipline, flexibility, spirituality, and mastering the balance of each. Story 4 - On War Purpose, goal, and means are the foundation of politics, war, and conflict as defined by the author. Although Carl von Clausewitz never had the opportunity to finish the manuscript, the collected works of On War represent his theoretical ideologies about war, military strategy, and leadership and his philosophy that innate human morals play a significant role in the outcome of adversity. Clausewitz theorizes that motivations, objectives, and emotions influence the delicate balance of power and politics. Story 5 - Arthashastra A wealth of knowledge and information, Arthashastra, is credited as the foundation of government, economics, and law. Compiled of various manuscripts and treatises throughout thousands of years, this ancient script defines philosophies for a broad range of modern traditions, policies, and strategies, including the economy, social welfare, the court system, theories on war and peace, civic duty, and obligations of a king. The wisdom contained in each of these individual works is now dedicated to the world Public Domain. A curated collection of artwork spanning over 30 years by the American artist, W. Cullen Hart. Hardcover, 160 pages, full color throughout. The bestselling visual biography of one of the twentieth century's most innovative, influential artists Andy Warhol "Giant" Size is the definitive document of this remarkable creative force, and a telling look at late twentieth-century pop culture. A must-have for Warhol fans and pop culture enthusiasts, this in-depth and comprehensive overview of Warhol's extraordinary career is packed with more than 2,000 illustrations culled from rarely seen archival material, documentary photography, and artwork. Dave Hickey's compelling essay on Warhol's geek-to-guru evolution combines with chapter openers by Warhol friends and insiders to give special insight into the way the enigmatic artist led his life and made his art. It also provides a rare, behind-the-scenes look at the New York art world of the 1950s to the

1980s. From the publisher of The Andy Warhol Catalogue Raisonné, Volumes 1 - 5. "This brilliantly illustrated volume is the museum's first overall collection catalogue. It offers 50 highlights from the museum's five major collecting areas--African art, Asian art, contemporary art, modern art, and photography--as well as selections from its ancient American and Oceanic collections."--Publisher's website, <http://www.upf.com/book.asp?id=STEUB001> viewed on Feb. 3, 2011. "Sam and Mary Cooke have assembled at Kualii, their Manoa Valley home, a cultural treasure unsurpassed by any other private collection in the islands. This collection of paintings, drawings, and prints of the Hawaiian Islands uniquely reflects the kamaaina appreciation the Cookes have for various locales throughout the islands, including generations-long associations with people and places, and a love of legends and history. In this book, historian and bibliographer David W. Forbes presents a selection of the collection's finest works. Hawaii in the late eighteenth and early nineteenth centuries, with particular focus on portrayal of the Hawaiian chiefs, is depicted by artists associated with voyages of exploration and art in the interest of science, including John Webber, Jacques Arago, Louis Choris, John Hayter, Alfred T. Agate, Titian Ramsay Peale, and J. G. Keulemans. Everyday life in mid-nineteenth century Hawaii is captured by August Borget, Enoch Wood Perry Jr., Edward Bailey, Paul Emmert, and George H. Burgess. Landscapes and portraits of emerging multi-cultural Hawaii are beautifully rendered by accomplished late nineteenth- and early twentieth-century artists Charles Furneaux, Joseph D. Strong, Jules, Tavernier, D. Howard Hitchcock, Helen Whitney Kelly, Lionel Walden, Matteo Sandona, and by mid-twentieth century painters Lloyd Sexton and Peter Hurd"-- From book jacket. 'The very best book on the subject ever published' Bernard Ewell, Personal Property Journal (the trade publication of the American Society of Appraisers) The art world can appear impenetrable to the beginner. This classic book, in print since 1990, is an invaluable primer that will help anyone to penetrate the thickets of inscrutable 'insider info' and esoteric jargon. Updated for today's art market, including online buying, The Art of Buying Art is without a doubt the most accessible book on how to research, evaluate, price and buy artworks - for anyone who wants to buy art. No previous knowledge of art or the art business is necessary. Topics include: · how to research and evaluate art prices like the professionals · how to build a quality collection · how to spot fakes and forgeries · how to buy art at auctions and directly from artists · how to negotiate prices · how to tell the difference between an original and a reproduction Bamberger provides the information needed to transform anyone into an informed art consumer, to protect collectors from bad buys and to help them locate the best art at the correct prices. It all started with a list of paintings. There, scribbled by a cousin she hadn't seen for years, were the names of the masters whose works once belonged to her great-grandfather, Jules Strauss: Renoir, Monet, Degas, Tiepolo and more. Pauline Baer de Perignon knew little to nothing about Strauss, or about his vanished, precious art collection. But the list drove her on a frenzied trail of research in the archives of the Louvre and the

Dresden museums, through Gestapo records, and to consult with Nobel laureate Patrick Modiano. What happened in 1942? And what became of the collection after Nazis seized her great-grandparents' elegant Parisian apartment? The quest takes Pauline Baer de Perignon from the Occupation of France to the present day as she breaks the silence around the wrenching experiences her family never fully transmitted, and asks what art itself is capable of conveying over time. More than 300 four-color and black-and-white illustrations by one of America's preeminent painters are collected here, along with illuminating text from the artist's letters, magazine articles about his work, and many other sources. The result: a fully realized portrait of a golden age illustrator whose work appeared in then Saturday Evening Post, a classic edition of Treasure Island, and elsewhere for 42 years. His name summons up our earliest images of the beloved books we read as children. His illustrations for Scribner's Illustrated Classics (Treasure Island, Kidnapped, The Last of the Mohicans, The Yearling) are etched into the collective memory of generations of readers. He was hailed as the greatest American illustrator of his day. For forty-three years, starting in 1902, N.C. Wyeth painted landscapes, still lifes, portraits, and murals, as well as illustrations for a long shelf of world literature. Yet despite worldwide acclaim, he judged himself a failure, believing that illustration was of no importance. David Michaelis tells the story of Wyeth's family through four generations -- a saga that begins and ends with tragedy -- and brings to life the huge-spirited, deeply complicated man, and an America that was quickly vanishing. With the rapid and unprecedented global expansion of the art market, new collectors are emerging every day. When buying art, whether for pure enjoyment, for investment or some other motive, few art collectors consider the practical and financial implications of owning and maintaining art, and many do not have a plan for how they might eventually dispose of it. This book, probing a number of resources and incorporating advice from top experts in the field, offers guidance on collection management and care, and serves as an important reference guide for collectors and those charged with managing collections. This landmark publication reevaluates historical Native American art as a crucial but under-examined component of American art history. The Charles and Valerie Diker Collection, a transformative promised gift to The Metropolitan Museum of Art, includes masterworks from more than fifty cultures across North America. The works highlighted in this volume span centuries, from before contact with European settlers to the early twentieth century. In this beautifully illustrated volume, featuring all new photography, the innovative visions of known and unknown makers are presented in a wide variety of forms, from painting, sculpture, and drawing to regalia, ceramics, and baskets. The book provides key insights into the art, culture, and daily life of culturally distinct Indigenous peoples along with critical and popular perceptions over time, revealing that to engage Native art is to reconsider the very meaning of America. p.p1 {margin: 0.0px 0.0px 0.0px 0.0px; font: 14.0px Verdana} These never-before-published interviews with Jerry Garcia reveal his thoughts on religion, politics, his personal life, and his creative process. Jerry on

Jerry provides new insight into the beloved frontman of the Grateful Dead in time for the 50th Anniversary of the band. Released by the Jerry Garcia Family and made available to the public for the first time, these are some of the most candid, intimate interviews with Jerry Garcia ever published. Here, Garcia speaks openly about everything from growing up in the San Francisco Bay Area and his first encounters with early R&B to his thoughts on songwriting, LSD, the Beats and Neal Cassady, government, movies, and more. Illustrated with family photographs, ephemera, and Jerry's artwork, Jerry on Jerry presents uniquely poignant, unguarded, and astute moments, showing a side of Jerry that even his biggest fans have not known. Writings on art from 1941 to 1988. The collection of Barbara and Lawrence Fleischman of New York is one of the most important private collections of ancient Greek and Roman art in the United States and among the most important in the world. Composed of approximately three hundred objects from the Bronze Age to the Late Antique, it includes bronze statuettes, marble sculpture, vases, jewelry, lamps and candelabra, keys, weights, and silver bowls and utensils. The Fleischmans have a particular fascination with pieces associated with everyday life in antiquity, since these objects evoke a human connection to the past. They are also drawn to pieces that exemplify the human propensity to transform a functional object into a thing of beauty. Not only has their emotional response to an object's aesthetic appeal or its historical significance guided them in their forty years of collecting, personal interests have been at work as well. The large number of pieces related to the theater or representing theatrical subjects reflects Barbara Fleischman's lifelong love of that art. A Passion for Antiquities contains photographs and extensive catalogue entries on the objects included in the exhibition at the J. Paul Getty Museum and the Cleveland Museum of Art. Eighteen contributors provide art historical and descriptive information about each piece. The objects not selected for the exhibition are detailed in a checklist that specifies their origins, dates, media, and sizes. This book is the first major reference on the entire collection, since most of the objects have never before been publicly shown. To facilitate finding specific objects or groups of objects, the book is organized first chronologically and then by medium. Bibliographic sources for each entry cite both publications where the specific work is discussed as well as references to related scholarship. Karol Wight provides a chronological overview of the collection, and Oliver Taplin relates selected pieces to the development of Greek theater. The exhibition of Barbara and Lawrence Fleischman's collection and this catalogue allow us to enter into their minds and emotions so that, for a time, we can share their passion for antiquities. Samurai sword guards, or tsuba, reflect the rich history and artistic culture of the Japanese people, the warriors who wielded them as part of their weaponry, and the achievement of the craftsmen who made them. This volume comprises the extraordinary tsuba collection of Gary Montgomery, who studied, documented, and curated his finds over half a century. Richly colored photographs of the tsuba; notes on origins, makers, and provenance; and detailed references make this book a must-have for collectors

looking to improve their knowledge. "This book takes you through the collection gallery by gallery, illuminating the art and installations in each room"--From preface. Jerry Garcia: Secret Space of Dreams is a hard cover coffee table book that will bring together, for the first time, a comprehensive collection of photographs of Jerry Garcia taken by renowned Grateful Dead photographer Jay Blakesberg. The focus of the book is to present a collection of Jay's iconic images of Garcia from 1978 until Garcia's death in 1995. The book will include photographs of Garcia with members of the Grateful Dead as well as guest musicians and solo projects Jerry worked on. Since Jerry Garcia's passing, the band's popularity has remained immense as evidenced by their continued merchandise sales, acclaimed 50th anniversary "Fare Thee Well" concerts in 2015 and ongoing tours by surviving members. The book will include quotes from many notable musicians who were influenced and inspired by Jerry Garcia. Offering five books in one slipcase, and featuring 200 artists, Prime is the definite collection of 21st century CG artwork. Are you looking for a way to help to transform your emotions, feelings, and life experiences? Are you ready to invest in your self-care? Collage Care: Transforming Emotions and Life Experiences with Collage will help! Collage is the ideal tool to transform your life by breaking through your emotions and experiences. Collage Care is useful for historical art research and the historical implications of collage on emotional well-being. Heinz R. Böhme has been collecting artworks of the Lost Generation for more than twenty years. The main focus of his private collection in Salzburg is the recognition of more than eighty artists whose creative work was massively restricted under the National Socialist regime.Large-format illustrations, extensive biographies and a clearly structured list of the pictures in the collection, which currently contains over 350 works, document impressively the achievements of these artists, who were once

ostracised and defamed as "degenerate". Expanded by an interview with the collector, Heinz R. Böhme, and an art-historical and historical overview, the publication traces the fate and life's work of an almost-forgotten generation of painters and thus permits the general public to rediscover these pioneering artistic positions. and tells a new, exciting history of the modern age Through her artworks. These fabulous, whimsical paintings, created for his own pleasure and never shown to the public, show Geisel (a.k.a. Dr. Seuss) in a whole new light. Depicting outlandish creatures in otherworldly settings, the paintings use a dazzling rainbow of hues not seen in the primary-color palette of his books for children, and exhibit a sophisticated and often quite unrestrained side of the artist. 65 color illustrations. "This written and illustrated volume pays tribute to both The Broad museum in Los Angeles and the significant contemporary art collection within it. For 40 years, Eli and Edye Broad have collected over 2,000 works, notable for both their depth and diversity. This book compiles the insights of cultural leaders, writers, critics and curators to highlight the scope of the artists featured in The Broad collections. Curated similarly to an exhibition, the combination of timeless pieces and modern essays offers the reader a unique pathway through the extensive Broad collections. Contributing authors include: Francesco Bonami, Annie Cohen-Solal, Donna De Salvo, John Elderfield, Siri Hustvedt, Pico Iyer, Greil Marcus, Marla Prather, Nancy Princenthal, Luc Sante, Katy Siegel, Franklin Sirmans, Greg Tate, Lynne Tillman, and John Waters"- - Collects paintings and line-art illustrations featured in the popular graphic-novel series "Vampire Hunter D" and appearing on its paraphernalia, in an art book that also includes a previously unpublished short story written by the series' author. Celebrate more than 25 years of Kirby, the popular pink hero of the best-selling series of video games from Nintendo. A stylish new collection of art and designs from the best-selling Kirby video games. Featuring twenty-five years worth of sketches, artwork, Japanese video game box art, and more. With exclusive notes from creators and artists who have brought Kirby to life throughout the years.
