MIPS R4000 User's Manual Dec 15 2021 For anyone interested in MIPS R4000 and R4400 RISC microprocessors. This comprehensive reference manual describes the MIPS R4000 and R4400 family of RISC microprocessors -- including the 32-bit and the new 64-bit architecture and instruction set. Describes the implementation-specific interfaces and architectural features of the highly-integrated 64-bit R4000 and R4400 MIPS RISC processors; and discusses the MIPS RISC Instruction Set Architecture (ISA), including the 64-bit extensions of the ISA.

16mm and 8mm Filmmaking Jun 28 2020 This book is an essential guide to making traditional 16mm and 8mm films, from production to post, using both analog and digital tools. Focusing on low-budget equipment and innovative techniques, this text will provide you with the steps to begin your journey in making lasting work in the legacy medium of great filmmakers from Georges Méliès to Steven Spielberg. The discipline of 16mm or 8mm film can initially seem challenging, but through the chapters in this book, you'll learn strategies and insight to develop your craft. You'll discover the right camera for your needs, how to light for film, and the options in planning your digital post-production workflow. The book includes numerous hand-drawn diagrams and illustrations for ease of understanding, as well as recommended films and filmmaking activities to help you build your knowledge of film history, technical and creative skills within each chapter theme. By applying the suggested approaches to production planning, you will see how celluloid filmmaking can be both visually stunning and cost effective. This is an essential book for students and filmmakers who want to produce professional quality 16mm and 8mm films.
