Here in the Garden May 08 2021 As the seasons change, a young boy shares the magic of his garden with a special friend: "The wind is raking through the falling leaves and I wish that you were here." This extraordinary picture book about loss, love and friendship shows that we can always find our way back to a loved one through our hearts and our memories.

In the Garden Apr 26 2020 An essay collection about gardening and our relationship to nature, following on from the success of *At the Pond* and *In the Kitchen*.

Death in the Garden May 20 2022 Can Helena solve the mystery of a murder in the family that has festered for over two generations? In 1925 the beautiful, bohemian Diana Pollexfen was celebrating her thirtieth birthday with a party at a country estate, but the celebrations soured when her husband died, poisoned by a cocktail that had been liberally laced with some of Diana's photographic chemicals. Sixty years later, Diana's grand-niece, Helena, is also turning thirty, but with rather less fanfare. An overworked attorney in London, Helena's primary social outlet is an obsessive love affair. By way of distraction, Helena starts looking through her great-aunt's papers and soon develops another obsession: Determining just who killed George Pollexfen in that lovely, sunlit garden between the wars. Praise for Elizabeth Ironside 'Excellent local colour and culture, good adventure and an admirable denouement' Marcel Berlins 'She joins those few mystery writers you unreservedly look forward to reading ... a thoroughly satisfying psychological thriller' Harriet Waugh, *Spectator* 'A fine, stylish book to be savoured' James Melville 'Superbly handled ... a masterly example of classic crime fiction' *Birmingham Post* 'A spell-binding story of love, murder and deception' *Coventry Evening Telegraph* 'Enticing murder mystery' *Manchester Evening News*
Miguel's Community Garden Oct 25 2022 Miguel searches for sunflowers in his community garden in this vibrant exploration of growing food and healthy eating, from the *Where in the Garden?* series. Miguel is throwing a party at his community garden for all of his friends, and he needs help searching for sunflowers to complete the celebration. What do we know about sunflowers? They're tall with petals and leaves—and, hold on, is that a sunflower? No, that's an artichoke. Where, oh, where could those sunflowers be? Can you help Miguel find them in time for his party? The second title in the *Where in the Garden?* picture book series stars a young Latino boy who visits his community garden with his two dads to explore the fruits and vegetables growing there. Playful text guides young readers to hunt for visual clues and compare and contrast the unique characteristics of sunflowers against apricots, spinach, mushrooms, and other produce that grows in Miguel's community garden. Artist Samara Hardy brings this multi-layered story to life with vivid, cheerful illustrations created from layers of hand painted ink and watercolor texture. Back matter includes a refreshing sunflower seed salad recipe for little chefs and their adult helpers to try together.

The Body in the Garden Mar 18 2022 Perfect for fans of Tasha Alexander and Rhys Bowen, Katharine Schellman's debut novel is sure to delight. London 1815. Though newly-widowed Lily Adler is returning to a society that frowns on independent women, she is determined to create a meaningful life for herself even without a husband. She's no stranger to the glittering world of London's upper crust. At a ball thrown by her oldest friend, Lady Walter, she expects the scandal, gossip, and secrets. What she doesn't expect is the dead body in Lady Walter's garden. Lily overheard the man just minutes before he was shot: young, desperate, and attempting blackmail. But she's willing to leave the matter to the local constables--until Lord Walter bribes the investigating magistrate to drop the case. Stunned and confused, Lily realizes she's the only one with the key to catching the killer. Aided by a roguish navy captain and a mysterious heiress from the West Indies, Lily sets out to discover whether her friend's husband is mixed up in blackmail and murder. The unlikely team tries to conceal their investigation behind the whirl of London's social season, but the dead man knew secrets about people with power. Secrets that they would kill to keep hidden. Now, Lily will have to uncover the truth, before she becomes the murderer's next target.

Midnight in the Garden of Good and Evil Feb 14 2022 NATIONAL BESTSELLER • "Elegant and wicked.... [This] might be the first true-crime book that makes the reader want to book a bed and breakfast for an extended weekend at the scene of the crime." —The New York Times Book Review Shots rang out in Savannah's grandest mansion in the misty, early morning hours of May 2, 1981. Was it murder or self-defense? For nearly a decade, the shooting and its aftermath reverberated throughout this hauntingly beautiful city of moss-hung oaks and shaded squares. John Berendt's sharply observed, suspenseful, and witty narrative reads like a thoroughly engrossing novel, and yet it is a work of nonfiction. Berendt skillfully interweaves a hugely entertaining first-person account of life in this isolated remnant of the Old South with the unpredictable twists and turns of a landmark murder case. It is a spellbinding story peopled by a gallery of remarkable characters: the well-bred society ladies of the Married Woman's Card Club; the turbulent young redneck gigolo; the hapless recluse who owns a bottle of poison so powerful it could kill every man, woman, and child in Savannah; the aging and profane Southern belle who is the "soul of pampered self-absorption"; the uproariously funny black drag queen; the acerbic and arrogant antiques dealer; the sweet-talking, piano-playing con artist; young blacks dancing the minuet at the black debutante ball; and Minerva, the voodoo priestess who works her magic in the graveyard at midnight. These and other Savannahians act as a Greek chorus, with Berendt revealing the alliances, hostilities, and intrigues that thrive in a town where everyone knows everyone else. *Midnight in the Garden of Good and Evil* is a sublime and seductive reading experience. Brilliantly conceived and masterfully written, this enormously engaging portrait of a most beguiling Southern city has become a modern classic.

Blood in the Garden Jul 30 2020 INSTANT NEW YORK TIMES BESTSELLER The definitive history of the 1990s New York Knicks, illustrating how Pat Riley, Patrick Ewing, John Starks, Charles Oakley, and Anthony Mason resurrected the iconic franchise through oppressive physicality and unmatched grit. For nearly an entire generation, the New York Knicks have been a laughingstock franchise. Since 2001, they've spent more money, lost more games, and won fewer playoff series than any other NBA team. But during the preceding era, the Big Apple had a club it was madly in love with—one that earned respect not only by winning, but through brute force. The Knicks were always looking for fights, often at the encouragement of Pat Riley. They fought opposing players. They fought each other. Hell, they even occasionally fought their own coaches. The NBA didn't take kindly to their fighting spirit. Within two years, league officials moved to alter several rules to stop New York from turning its basketball games into bloody mudwrestling matches. Nevertheless, as the 1990s progressed, the Knicks endeared themselves to millions of fans; not for how much they won, but for their colorful cast of characters and their hardworking mentality. Now, through his original reporting and interviews with more than two hundred people, author Chris Herring delves into the origin, evolution, and eventual demise of the iconic club. He takes us inside the locker room, executive boardrooms, and onto the court for the key moments that lifted the club to new heights, and the ones that threatened to send everything crashing down in spectacular fashion. *Blood in the Garden* is a portrait filled with eye-opening details that have never been shared before, revealing the full story of the franchise in the midst of the NBA's golden era. And rest assured, no punches will be pulled. Which is just how those rough-and-tumble Knicks would like it.

Karl, Get Out of the Garden! Mar 06 2021 Do you know what a *Solanum caule inerme herbaceo, foliis pinnatis incis, racemis simplicibus* is? * Carolus (Karl) Linnaeus started off as a curious child who loved exploring the garden. Despite his intelligence—and his mother's scoldings—he was a poor student, preferring to be outdoors with his beloved plants and bugs. As he grew up, Karl's love of nature led him to take on a seemingly impossible task: to give a scientific name to every living thing on earth. The result was the Linnaean system—the basis for the classification system used by biologists around the world today. Backyard sciences are brought to life in beautiful color. Back matter includes more information about Linnaeus and scientific classification, a classification chart, a time line, source notes, resources for young readers, and a bibliography. *it's a tomato! Onward and Upward in the Garden Apr 18 2022 In 1925 Harold Ross hired Katharine Sergeant Angell as a manuscript reader for *The New Yorker*. Within months she became the magazine's first fiction editor, discovering and championing the work of Vladimir Nabokov, John Updike, James Thurber, Marianne Moore, and her husband-to-be, E. B. White, among others. After years of cultivating fiction, White set her sights on a new genre: garden writing. On March 1, 1958, *The New Yorker* ran a column entitled "Onward and Upward in the Garden," a critical review of garden catalogs, in which White extolled the writings of "seedmen and nurserymen," those unsung authors who produced her "favorite reading matter." Thirteen more columns followed, exploring the history and literature of gardens, flower arranging, herbalists, and developments in gardening. Two years after her death in 1977, E. B. White collected and published the series, with a fond introduction. The result is this sharp-eyed appreciation of the green world of growing things, of the aesthetic pleasures of gardens and garden writing, and of the dreams that gardens inspire.

The Garden Book Jul 22 2022 Brian Castro's award-winning novel, *The Garden Book*, is a meditation on loneliness, addiction and exploitation. Set in the years between the Depression and the Second World War in Australia's Dandenong Ranges, it follows the emotionally turbulent life of the beautiful Swan Hay (born Shuang He)--her marriage to the passionate yet brutal Darcy Damon, her love affair with the aviator Jasper Zenlin and her rise to literary fame overseas after her poetry is translated into French without her knowledge. Fifty years after her disappearance into institutions and a life of poverty and despair, Norman Shih--a rare-book librarian and "expert in self-effacement"--begins to piece together the life and losses of Swan. Tracking down clues from guesthouse libraries, antiquarian bookshops and Swan's own haunted writings, Shih fills out a portrait of early twentieth-century Australian lives wracked by modernist impulses of racial prejudice.

Fridays from the Garden Dec 23 2019 *Fridays From the Garden* is a collection of recipes and stories from a year in a verdant Los Angeles garden. But it's more than that, too. Tracing the trajectory of Flamingo Estate, this cookbook is the story of a house that became a brand, and a brand that became a rallying cry for regenerative farming and *Pleasure from the Garden*. Spurred from a simple desire to support struggling farmers during the pandemic, founder Richard Christiansen turned his bookstore into a CSA box operation, which quickly grew into a weekly Friday ritual for the greater Los Angeles community - a chance to connect with the marvels of the natural world in the midst of a global pandemic. Each Friday, this box would feature beautiful, delicious produce, recipes inspired by the week's harvest, and a personal note from Richard, urging subscribers to cook a meal for someone they love. This cookbook is a collection of over 150 of those stories and recipes -a monument to the pleasures of the Flamingo Estate garden, the people that keep it buzzing, and the ways in which Mother Nature takes care of us when we take care of her. With stories by Richard Christiansen, a foreword by Martha Stewart and recipes from Chefs Ella Murphy, Jo Kim & more. Featuring the photography of Drew Escrive, Pia Riverola, Christian Högstedt, François Halard, Larkin Donley, Andrea D'Agosto, Adrian Gaut and John Von Palmer.

Life in the Garden Aug 23 2022 From the Booker Prize winner and national bestselling author, reflections on gardening, art, literature, and life Penelope Lively takes up her key themes of time and memory, and her lifelong passions for art, literature, and gardening in this philosophical and poetic memoir. From the courtyards of her childhood home in Cairo to a family cottage in Somerset, to her own gardens in Oxford and London, Lively conducts an expert tour, taking us from Eden to Sissinghurst and into her own backyard, traversing the lives of writers like Virginia Woolf and Philip Larkin while imparting her own sly and spare wisdom. "Her body of work proves that certain themes never go out of fashion," writes the *New York Times Book Review*, as true of this beautiful volume as of the rest of the Lively canon. Now in her eighty-fourth year, Lively muses, "To garden is to elide past, present, and future; it is a defiance of time."

Into the Garden Dec 27 2022 THEY BEGAN AS STRANGERS -- FOUR TEENAGE GIRLS WITH NOTHING IN COMMON BUT THEIR MISERABLE CHILDHOODS. SOON, THEY WOULD REALIZE THAT THEIR SECRET PASTS HAD BOUND THEM TOGETHER FOREVER.... Misty, Star, Jade, and Cat first came together in Dr. Marlowe's group therapy sessions. They trusted no one but each other -- and even that bond was fragile at best. One by one, each of the Wildflowers told her own story and bravely unveiled the inner wounds inflicted by years of lies, deceit, and untold family secrets; each revealed the shocking tales of how their parents hurt them, used them, or simply abandoned them. And as they shared their darkest feelings, they no longer felt like lost souls with nowhere to turn. Finally, years of loneliness and pain gave way to the realization that someone else in this world understood them. But then the sessions ended, and the girls didn't know if they would ever see each other again. Now they are coming together one more time. Jade has sent out invitations to her parents' mansion -- the sprawling, opulent home that served as a battleground for much of her young life. There, the four will rekindle their bonds of friendship and trust. But this time, away from Dr. Marlowe's watchful eye, it will be different. Today, in the mansion's attic, Star, Jade, Cat, and Misty will take each other's hands and swear to tell the real truth -- the shattering secrets that lie deep within them like smoldering coals. And once the darkest secret of all is spoken aloud, there will be no turning back. For there may be some things the Wildflowers should leave buried forever....

On the Other Side of the Garden Dec 03 2020 From one of the great creative teams in picture books, *On the Other Side of the Garden* is about a city girl learning to accept the change brought about by her parents' separation when she is taken to her grandmother's house in the country and befriended by an owl, a frog and a mouse. When her father leaves her at her grandmother's house, the young girl at the center of this story feels abandoned and lonely. Her mother has moved to another country, and the girl wasn't paying attention when her father explained what was happening. And she hardly remembers her grandmother. After going up to her room she decides to venture out into the nighttime garden where she meets an owl, a frog and a mouse. They take her on a tour of her extraordinary new world. When she gets back in the morning, her grandmother explains that her father won't be back for a long time. The girl tells her that she wants to be able to spend time in the garden with the plants and animals of this new world, and her grandmother doesn't seem to be either surprised or alarmed by her nighttime adventures. And she is very happy that the girl and she will get to know each other. Buitrago's stories are noted for conveying large truths through understatement and suggestion. This story, beautifully illustrated by Yockteng, shows how a child can use her own bravery and curiosity to confront frightening and potentially destructive realities such as a parents' separation and being left with an almost unknown relative through what we must

assume is a situation where her father had no choice. There is an endnote about the plants and animals that might be found in such a garden.

The Beast in the Garden: A Modern Parable of Man and Nature Jul 10 2021 The true tale of an edenic Rocky Mountain town and what transpired when a predatory species returned to its ancestral home. When, in the late 1980s, residents of Boulder, Colorado, suddenly began to see mountain lions in their yards, it became clear that the cats had repopulated the land after decades of persecution. Here, in a riveting environmental fable that recalls Peter Benchley's thriller *Jaws*, journalist David Baron traces the history of the mountain lion and chronicles Boulder's effort to coexist with its new neighbors. A parable for our times, *The Beast in the Garden* is a scientific detective story and a real-life drama, a tragic tale of the struggle between two highly evolved predators: man and beast.

Notes from the Garden Dec 15 2021 I know from my own experience that an evening spent tending my garden, after another incomprehensible day, brings a strength and calmness that no other activity can match. Is it the qualities associated with gardening, such as nurturing and the hard work of hands and heart, that are deficient in our culture? Much good writing has been done about the garden as a special place. ? Madeleine Wilde's woodland garden on the south slope of Seattle's Queen Anne Hill was more than a "special place." It was her Sanctuary, her prism through which she explored the world and accomplished "much good writing." For two decades, starting in the early 1990s, Madeleine's "Notes from the Garden" delighted readers of the Queen Anne & Magnolia News in Seattle. Here, in luminous prose, is the best of her work from those years, ranging from hands-on advice for gardeners and would-be gardeners to poetically charged, often wry, insights into life in the tradition of Thoreau. Madeleine, who died in 2018, has left us a book to savor from solstice to solstice. This is a book that gardeners and lovers of cooking, food and life well-lived will savor. It will also inspire fans of the personal essay and those interested in the cycle of the seasons and intentional living. The book is edited by her former publisher, Mike Dillon, illustrated with charming drawings by noted American architect and author Mark Hinshaw, features cover illustration and design by Annie Brulé, and a foreword by Madeleine's husband David Streatfield, professor emeritus in the department of Landscape Architecture at the University of Washington.

The Garden Oct 13 2021 When the book opens Eve, who is the narrator ,is just coming into consciousness. She has been given by God to the Serpent to raise. Her sense of wonder as the Serpent introduces her to life in Paradise is a strength of the book; she learns about nature, love and the way that the new and fascinating world works. When she comes into contact with God - who rears Adam - she is wary of his dominance and egotism. One day, becoming impatient to discover whether or not he's designed the male and female to procreate properly, God rushes Adam and Eve into intercourse. The Serpent alone recognizes the consequences of God's act. 'Until today Eve has felt...that the world was good...' but 'Adam as good as raped her.' Eve is devastated by the experience. Eve leaves the Garden to gain some distance from God and to discover what exists in the outside world; the Serpent accompanies her. They make several journeys - one to a volcano, one to a desert, one to a mountain range and one to the sea (where Eve swims out to sea against the instructions of the Serpent and nearly drowns.) On their return to the Garden, the roots of the apple tree of the Knowledge of Good and Evil begin to grow; the Serpent sensing that time is running out to teach Eve that love making is good, changes into a man and makes love to her with great sensitivity. After this she is prepared to accept her role as the mother of humankind. God is outraged by Eve's - and also Adam's - interest in the tree of knowledge. He is at his capricious worst: everything must bow to his wishes. They realise that if they are to have any freedom of will they must leave God and the garden . The Serpent warns them that this will involve future suffering but Eve feels she must develop and be her own person. They go forth...

In the Garden Aug 30 2020 In the Garden, by award-winning photographer Stacy Bass with essays by Suzanne Gannon, celebrates the natural splendor and abundant creativity of the American gardens of the new millennium. In astonishing fine art images and vibrant prose, each of its 18 chapters tells the story of a how an individual brought his or her vision of beauty to life, inspired by the lay of the land, a single blossom, or a garden once glimpsed in a far away place. In the Garden is alive with 224 pages of color—lush spreads and intimate detail shots--that showcase Bass's intuitive knack for composition and her sharp eye behind the lens. Whether devoted to a manicured series of structured parterres or a rambling meadow of wild grasses, each chapter features a crisp and lively narrative that both entertains and informs the reader, intentionally straddling the divide between aspiring gardeners and avid horticulturalists. By evoking the personality behind the garden and illustrating the results of his or her work with foliage and flowers, it serves as an aesthetic commentary on how we shape the world around us. This luxurious book which features some of the Northeast's most noteworthy and beautiful gardens captured at dawn, makes a generous and compelling gift, and serves equally well as a decorative accessory or a rich conversation piece.

At Home in the Garden Feb 02 2021 In this exquisitely lush volume, lifestyle legend Carolyne Roehm celebrates her gardens as outdoor living rooms, revealing how she chooses the plants, flowers, and layouts; how she entertains guests with gorgeous table settings and breathtaking arrangements; and how she savors the hours among the blooms. As Carolyne Roehm says, "It's as simple as this: a garden is like love...a place you venture into with hope, energy, excitement, enchantment, and the greatest of expectations." For Roehm, the garden has always been more than a canvas for beauty. A place where her devoted efforts bear glorious results, the garden is not only a reflection of what has inspired Roehm, but also a font of inspiration from which she draws--for her astonishingly lovely arrangements, her gracious dinner parties, and her new passion for interpreting her flowers in vibrant watercolor paintings. Each of the gardens at her historic Connecticut home, Weatherstone, has been lovingly crafted to serve as an outdoor living room, where the hours may be passed at work, alone, or enjoyed with company. In the Parterre Gardens bordering the south side of the home, Roehm created a fantasy of snow in spring with white tulips and Sargentina crabapple trees. All of the varieties in her Rose Garden were selected for their pulchritude and divine scent, as well as for their ability to bloom twice to satisfy her insatiable thirst for roses. And when the stream through her property offered only an unsatisfying trickle, Roehm replaced it with a river of hostas, primula, bleeding hearts, and Rodgersia that sweeps through her Shade Garden. As Roehm accompanies us on the first-ever tour of these marvels, she shares witty and candid stories of the unexpected triumphs and the sometimes-crushing defeats. And always, there is her desire to return to the garden—to tend, to mend, or to plant anew. A garden is like love, Roehm claims, and indeed, this lavishly illustrated volume is a testament to an enduring, complex, unquestionably personal, and deeply passionate amour.

In and Out of the Garden Aug 11 2021 "Sara Midda's richly illustrated In and Out of the Garden has delighted readers and critics alike: "This is the most gentle of books, a peaceful pastime. The delicacy of Sara Midda's art is enchanting. Anyone who is a gardener, or who has worked with plants in nature, will respond to what she has put forth so exquisitely," wrote Joan Lee Faust, Garden Editor of The New York Times. Diana Vreeland praised it as "delightful and delicious," Time magazine as "Cause for revel," and Laura Ashley called it "pure inspiration." In scores and scores of delicate illustrations and tender reflections, the author recalls the English gardens her childhood and the gardens she tends now, to reveal surprises both dainty and daring. The colorings and imaginings make the fancy soar with pleasure, as she creates the most elegant and subtle of books to give and to have, a book to cherish as dearly as a volume of treasured poetry. Sara Midda's garden is sown with glorious images. Ruby-red radishes are the jewels of the underworld. Myriad colors fall upon warm green moss. Brown leaves drift with sweet scent. And "in the beeman's garden, a host of hives and a swarm of bees bring sticky honey for your teas." Vegetable gardens, herb gardens, flower gardens are illustrated. The pleasures of the orchard are celebrated. Recipes are shared for lotions and potions to cheer the heart and delight the senses." -- Publisher.

The Garden Book Sep 11 2021 The Garden Book presents a diverse range of designers responsible for some of the most interesting and iconic gardens and landscapes of all time, from around the world. Gardens of Ancient Persia, the Moguls of India, and the palaces of Chinese Emperors sit side by side with contemporary gardens from the United States and Europe. Like The Art Book, this book presents 500 designers in an A-Z format that departs from the usual emphasis on genres and time periods. The gardens are carefully selected, on the basis of key figures in landscape architecture, to illustrate the influence of each on the various traditions of gardening around the globe. They range, therefore, from the palaces of kings to the all-consuming passions - often bordering on obsession - of amateur enthusiasts. Written in an accessible way, the text explains the role of each chosen

figure in the development of the garden, as well as the important changes to the garden over time. Each designer is represented by a full-page illustration, mostly in colour, of their most significant garden. Long-vanished wonders, such as the mythical gardens of Babylon, are illustrated by artists' impressions and engravings. Each page includes meticulous cross-references to other designers working in a similar style, movement or time period, as well as biographical information about the designer. The book also includes an easy-to-use glossary of terms and movements, as well as an extensive directory of gardens.

In the Garden with Dr. Carver Jun 20 2022 Sally is a young girl living in rural Alabama in the early 1900s, a time when people were struggling to grow food in soil that had been depleted by years of cotton production. One day, Dr. George Washington Carver shows up to help the grown-ups with their farms and the children with their school garden. He teaches them how to restore the soil and respect the balance of nature. He even prepares a delicious lunch made of plants, including "chicken" made from peanuts. And Sally never forgets the lessons this wise man leaves in her heart and mind. Susan Grigsby's warm story shines new light on a Black scientist who was ahead of his time.

In a Garden Sep 23 2022 "McCanna's superb scansion never misses...Like its subject: full of bustling life yet peaceful." —Kirkus Reviews Acclaimed author Tim McCanna celebrates gardens, nature, and all sorts of critters in this delightful and vibrant read-aloud picture book. In the earth a single seed sits beside a millipede worms and termites dig and toil moving through the garden soil How does a garden grow?
