*Ministry Leadership* Nov 25 2022 In this inspiring teaching Dr Juanita Foster and Sr. Pastor Teresa S. McCurry expounds on ministry leadership and describes the essence of church leadership. Presented in nine amazing chapters, the authors demonstrated a profound understanding and revelation about ministry leadership. They stated leadership is a mechanism of social power that maximizes the efforts of others to achieve a goal. As a result, Leadership has little to do with power, control, and seniority. But, love, constructive influence, and modelling. They further explain the true meaning of church leadership evolves from the heart, pointing out that love is central to ministry leadership and described ministry leadership as the act of influencing/serving others out of love and Christ's interests in their lives, so they accomplish God's purposes for and through discipleship training which is also about relationship with others. Developing the blueprint of Discipleship as Relationships are developed through devotions, care, and by encouraging each other toward living with Christ-like characteristics in our everyday lives. They expounded leadership is the capacity to translate vision into reality and explain that ministry leadership as a function of honesty, modesty, character, and integrity. They contrasted biblical leadership and earthly leadership and confirmed that ministry leadership focuses first on transforming the heart of the leader. Whereas, secular leadership focuses on the "What" and the "How," biblical leadership focuses on biblical precepts, while modeling and guiding others toward living righteously as followers of Jesus Christ DISCIPLESHIP. The book concludes with Dr Juanita Foster and Sr. Pastor Teresa S. McCurry explains biblical leadership from creation, highlighting obedience to God as the key to sustaining divine leadership.

**The Person with Power** Mar 18 2022 This is essentially a teaching book, but also an empowering one. As you are set free by the truth, you will also know your destiny and be energized to run your race. This book begins with the all-important question: Who is the Holy Spirit? Is He a force? A wind? A dove? Or a divine person Who has been with man since the beginning of creation and now wishes to dwell in you? We then explore the nine fruits of the Holy Spirit which help us lead disciplined, purposeful and Spirit-led lives to be ready vessels to contain the great power to move in the supernatural. This power will be released as we study the gifts of the Holy Spirit and earnestly desire them, especially the gift of prophecy. Only then can we combat the darkness of ignorance and the new levels of sin that are becoming so blatant in our society. Together, you and I are going to arise and shine because we know our God and will do great exploits in His name. And, as you walk with the Holy Spirit and lead a fruitful and productive life empowered by Him, you too will write the book of your life in this dispensation of grace. You, too, will have a story to tell.

**Mid-Miocene Record of Large-scale Snake River? Type Explosive Volcanism and Associated Subsidence on the Yellowstone Hotspot Track: The Cassia Formation of Idaho, USA** Sep 11 2021 The 1.95-km-thick Cassia Formation, defined in the Cassia Hills at the southern margin of the Snake River Plain, Idaho, consists of 12 refined and newly described rhyolitic members, each with distinctive field, geochemical, mineralogical, geochronological, and paleomagnetic characteristics. It records voluminous high-temperature, Snake River-type explosive eruptions between ca. 11.3 Ma and ca. 8.1 Ma that emplaced intensely welded rheomorphic ignimbrites and associated ash-fall layers. One ignimbrite records the ca. 8.1 Ma Castleford Crossing eruption, which was of supereruption magnitude (~1900 km<sup>3</sup>). It correlates regionally and exceeds 1.35 km thickness within a subsided, proximal caldera-like depocenter. Major- and trace-element data define three successive temporal trends toward less-evolved rhyolitic compositions, separated by abrupt returns to more-evolved compositions. These cycles are thought to reflect increasing mantle-derived basaltic intraplate and hybridization of a midcrustal region, coupled with shallower fractionation in upper-crustal magma reservoirs. The onset of each new cycle is thought to record renewed intraplate at an adjacent region of crust, possibly as the North American plate migrated westward over the Yellowstone hotspot. A regional NE-trending monocline, here termed the Cassia monocline, was formed by synvolcanic deformation and subsidence of the intracontinental Snake River basin. Its structural and topographic evolution is reconstructed using thickness variations, offlap relations, and rheomorphic transport indicators in the successive dated ignimbrites. The subsidence is thought to have occurred in response to incremental loading and modification of the crust by the mantle-derived basaltic magmas. During this time, the area also underwent NW-trending faulting related to opening of the western Snake River rift and E-W Basin and Range extension. The large eruptions probably had different source locations, all within the subsiding basin. The proximal Miocene topography was thus in marked contrast to the more elevated present-day Yellowstone plateau.

**'Snake River (SR)-type' Volcanism at the Yellowstone Hotspot Track** Dec 15 2021 A new category of large-scale volcanism, here termed Snake River (SR)-type volcanism, is

defined with reference to a distinctive volcanic facies association displayed by Miocene rocks in the central Snake River Plain area of southern Idaho and northern Nevada, USA. The facies association contrasts with those typical of silicic volcanism elsewhere and records unusual, voluminous and particularly environmentally devastating styles of eruption that remain poorly understood. It includes: (1) large-volume, lithic-poor rhyolitic ignimbrites with scarce pumice lapilli; (2) extensive, parallel-laminated, medium to coarse-grained ashfall deposits with large cusped shards, crystals and a paucity of pumice lapilli; many are fused to black vitrophyre; (3) unusually extensive, large-volume rhyolite lavas; (4) unusually intense welding, rheomorphism, and widespread development of lava-like facies in the ignimbrites; (5) extensive, fines-rich ash deposits with abundant ash aggregates (pellets and accretionary lapilli); (6) the ashfall layers and ignimbrites contain abundant clasts of dense obsidian and vitrophyre; (7) a bimodal association between the rhyolitic rocks and numerous, coalescing low-profile basalt lava shields; and (8) widespread evidence of emplacement in lacustrine-alluvial environments, as revealed by intercalated lake sediments, ignimbrite peperites, rhyolitic and basaltic hyaloclastites, basalt pillow-lava deltas, rhyolitic and basaltic phreatomagmatic tuffs, alluvial sands and palaeosols. Many rhyolitic eruptions were high mass-flux, large volume and explosive (VEI 6-8), and involved H<sub>2</sub>O-poor, low- $\delta^{18}\text{O}$ , metaluminous rhyolite magmas with unusually low viscosities, partly due to high magmatic temperatures (900-1,050°C). SR-type volcanism contrasts with silicic volcanism at many other volcanic fields, where the fall deposits are typically Plinian with pumice lapilli, the ignimbrites are low to medium grade (non-welded to eutaxitic) with abundant pumice lapilli or fiamme, and the rhyolite extrusions are small volume silicic domes and coulées. SR-type volcanism seems to have occurred at numerous times in Earth history, because elements of the facies association occur within some other volcanic fields, including Trans-Pecos Texas, Etendeka-Paraná, Lebombo, the English Lake District, the Proterozoic Keewawan volcanics of Minnesota and the Yardea Dacite of Australia.

**Women's War - Fighting and Surviving the Civil War** Mar 30 2023 The Civil War is remembered as a war of brother against brother, with women standing innocently on the sidelines. But battlefield realities soon challenged this simplistic understanding of women's place in war. Stephanie McCurry shows that women were indispensable to the unfolding of the Civil War, as they have been--and continue to be--in all wars.

*A.J. Angry, the Little "Bro"* Jan 04 2021 A.J. ANGRY, THE LITTLE "BRO" is a meaningful story about one little boy's anger and how he bullied the students at his school. Kicking and shoving is a typical way for many children to express their frustrations, and this book cleverly shows what is causing his anger and what the school did to help A.J. be successful. Discussion questions and activities are an extra bonus at the end of the story. A.J., a young African-American boy, is angry because of the way his older brothers treat him at home. His mother works at night and seems to be unaware of the seriousness of A.J.'s complaints. After many weeks of getting in trouble at school, a Coach and a Counselor find a way to help A.J. and to redirect his energy and talents. As A.J. discovers that there is a much better way to solve his problems, children will understand the importance in trusting an adult to help them, also. Bonus activities are included so that all children will be able to discuss this type of bullying and practice treating each other with respect. JANICE McCURRY, a retired high school counselor, lives with her husband in Seguin, Texas. She is co-owner of Bustin'Bullies, an anti-bullying business that travels all over the state. Her passions are writing, painting, gardening, and enjoying her nine grandchildren! Her experiences as a counselor have inspired her to write this book that could make a difference in children's lives. While Janice was a school counselor, she enjoyed all aspects of counseling. But the one thing that touched her heart was the hurt and rejection that many students felt because of bullying. No matter the age of the child, bullying destroys self esteem, dreams and freedom to be happy at school and learn to the best of one's capabilities. Her dream and heartfelt passion is to be able to make a difference for every child and adult that reads her books and uses the activities to personally insure the message is not only understood, but taken to heart.

*Confederate Reckoning* May 20 2022 Stephanie McCurry tells a very different tale of the Confederate experience. When the grandiosity of Southerners' national ambitions met the harsh realities of wartime crises, unintended consequences ensued. Although Southern statesmen and generals had built the most powerful slave regime in the Western world, they had

excluded the majority of their own people—white women and slaves—and thereby sowed the seeds of their demise.

John the Hermit and Other Poems by Samuel S. McCurry. With an Introduction on the Legend of John the Hermit by L. Zeckhausen Apr 30 2023

Blount County, Alabama Cemeteries, Volume 1 Aug 11 2021 Blount County was carved out of the territory ceded to the State by the Creek Indians following their defeat at the Battle of Horseshoe Bend. The earliest settlers began streaming into the former wilderness as early as 1817. Blount was originally a large county, but over the decades pieces were taken to make up other adjoining counties such as Jefferson, Marshall, Etowah, and Cullman. Every cemetery within the contemporary boundaries of Blount was visited by the author and each readable tombstone was copied to develop the contents of this three volume series. Most of the cemeteries were read in 2002. Volume 1 covers alphabetically A through H, beginning with the Alldredge Family Cemetery and concluding with the High Rock Methodist Church Cemetery. This book is vital to any serious student of Blount County genealogy and history.

*Masters of Small Worlds* Jan 22 2020 In this innovative study of the South Carolina Low Country, author Stephanie McCurry explores the place of the yeomanry in plantation society--the complex web of domestic and public relations within which they were enmeshed, and the contradictory politics of slave society by which that class of small farmers extracted the privileges of masterhood from the region's powerful planters. Insisting on the centrality of women as historical actors and gender as a category of analysis, this work shows how the fateful political choices made by the low-country yeomanry were rooted in the politics of the household, particularly in the customary relations of power male heads of independent households assumed over their dependents, whether slaves or free women and children. Such masterly prerogatives, practiced in the domestic sphere and redeemed in the public, explain the yeomanry's deep commitment to slavery and, ultimately, their ardent embrace of secession. By placing the yeomanry in the center of the drama, McCurry offers a significant reinterpretation of this volatile society on the road to Civil War. Through careful and creative use of a wide variety of archival sources, she brings vividly to life the small worlds of yeoman households, and the larger world of the South Carolina Low Country, the plantation South, and nineteenth-century America.

**McCurry's War** Jul 22 2022 Coming of age during the Vietnam War, Mike McCurry decides to join the U.S. Army rather than be drafted or take a flight to Canada. He is assigned to the Army Security Agency and begins a life of covert operation as a voice interceptor. In the late 1960s, McCurry arrives at Teufelsberg, a super-secret listening station in West Berlin. McCurry and his fellow operatives have direct access to some of the most sensitive conversations of top officials of the East German government's Central Committee in East Berlin. Unfortunately, McCurry's group of interpreters and analysts are supervised by regular Army personnel, who have no idea of the tasks being carried out by those under their command. McCurry's supervisors are more interested in how their troops perform on the drill field than how they are fulfilling their assigned intelligence mission, and that doesn't sit well with McCurry when national security is at stake. It doesn't take him long to recognize that it will require a combination of guile and humor to overcome the obstacles put in his path by clueless supervisors. But the incompetence of the leadership ultimately becomes deadly, forcing McCurry to make a choice between following orders ... or facing a court martial.

Some Cemetery Records of Abbeville County, South Carolina Jul 30 2020 This work lays out the 323 proven lines of descent from the eighty-seven men who served as Governor of one of the colonies of British North America.
